Network Runners and Dexter Edward Partner to Exhibit Mission-Critical Technology at AFCEA WEST

Sterling, VA and Herndon, VA – February 7th, 2019 – Network Runners, Inc., a top technology consulting services company that supports the commercial and federal government market spaces, and Dexter Edward demonstrating the secure communications capabilities of Fognigma enterprise software, announced they will partner and showcase cutting-edge enterprise software at the AFCEA West Conference in San Diego, CA, on February. 12-15, 2019.

"Network Runners is continuing its legacy of delivering expertly tailored technology to the DoD and its contractors by partnering with Dexter Edward we will feature their Fognigma enterprise software," said Manoj Bhatia, President and Co-founder of Network Runners. "Providing our customers with access to data in-place reduces copy sprawl resulting in better security and protection of data assets, which is a pillar of the DoD's cyber strategy. As an economically-disadvantaged, woman-owned small business (EDWOSB) based in Virginia, we value partnering with fellow innovators to bring the DoD and the Warfighter the most applicable technology."

AFCEA WEST is the premier naval conference and exposition on the West Coast. WEST is now in its 29th year of bringing military and industry leaders together. Co-sponsored by AFCEA International and the U.S. Naval Institute, WEST is the only event in which the makers of platforms and the designers of technologies can network, discuss, and demonstrate their solutions in a single locale.

"Dexter Edward is continuing on its relationship with Network Runner's booth at West 2019. Dexter Edward and Network Runners have the products and expertise necessary to deliver cutting edge solutions to ensure secure communications and cybersecurity to the US Navy and Marine Corps," said Ira Marcus, Director of Business Development for Dexter Edward.

WEST connects the industry professionals who design and build the platforms, equipment, and weapons with the designers of communications and technical systems. To complete their missions successfully, more than 150,000 professionals in the U.S. Navy, Marine Corps, and Coast Guard who live in the San Diego area depend on the open discussions and valuable networking WEST provides.

Senior military and government officials talk directly to the operators to gain valuable feedback. Industry leaders attend because they can connect with decision makers and operators over the three-day event.
